

Alterations to train services: Saturday 19th October 2019: Sunday 20th October

Due to Network Rail engineering works in the Haddenham & Thame Parkway area, together with HS2 preparation works at West Ruislip, the line between Marylebone and Bicester is closed at multiple locations. A heavily-amended timetable will operate on all Chiltern Railways routes, and most journeys will be affected. Passengers may need to travel via alternative routes, on other operator's services, London Underground services and/or rail replacement bus services. Journey times will be considerably longer than usual.

Chiltern Railways train services will operate as follows (in both directions):

- 1 per hour Oxford - Banbury - stations to Birmingham Moor Street.
- 1 per hour Bicester North - Banbury - stations to Birmingham Moor Street.
- 2 per hour Oxford - stations to Bicester Village.
- 2 per hour Gerrards Cross - stations to Princes Risborough (1 per hour)/Aylesbury (1 per hour).
- Periodic service Leamington Spa - stations to Stratford Upon Avon.
- Periodic service Leamington Spa - stations to Birmingham Moor Street.
